MEMBERSHIP PROGRAM

The National Every 15 Minutes Organization (Not-for-Profit) believes that together we can combat the deadly consequences of impaired driving. Your participation and pride in the worldwide family makes it the valuable organization it is. To be sure, there's no feeling quite like the feeling National Every 15 Minutes Organization Members get from belonging to such a mission. The National Every 15 Minutes Organization works hard to lay the ground work for the efficient exchange of information, making professional opportunities available to all members and hosting the preeminent gathering of professionals aimed to educate and prevent impaired driving. There's a lot for National Every 15 Minutes Organization Members to be proud of. And a large part of that pride starts with you.

Life's lessons are best learned through experience. Unfortunately, when the target audience is teens and the topic is drinking and driving, experience is not the teacher of choice. The Every 15 Minutes Program offers an experience without the real life risk and tragedy.
